# 床 BED

Once you confront the person you love, you will keep the love in your heart forever, which is calmness and peace, a kind of silent temperament in the woman's heart. Discarding the noisy and tiredness brought by the tedious decoration is design of the classical elegance. The shape of furniture is light with the moderate proportion, which is like the feeling of the tender Venice water and the delicate and pretty bridge, so refreshing. The classic element and the modernist curvilinear, make furniture full of liberated modern taste as well as the concise classical inspiration, which meets the desire of tasting life and experiencing occurrences in human life for a long time.
